Material Safety Data Sheet

1. PRODUCT AND COMPANY IDENTIFICATION

Product name: Product type:

Company address:

Henkel Corporation

Rocky Hill, Connecticut 06067

One Henkel Way

LOCTITE® 401™ INSTANT ADHESIVE PRISM® Surface Insensitive Cyanoacrylate

IDH number:

135429

Item number:40140Region:United StatesContact information:Telephone:860.571.5100MEDICAL EMERGENCY Phone:Poison Control Center1-877-671-4608 (toll free) or 1-303-592-1711TRANSPORT EMERGENCY Phone:CHEMTREC1-800-424-9300 (toll free) or 1-703-527-3887Internet:www.henkelna.com

2. HAZARDS IDENTIFICATION

| | EMERGENC | Y OVERVIEW | |
|--|--|--|--|
| | d rless, Transparent p, Irritating | HMIS: HEALTH: FLAMMABILITY: PHYSICAL HAZARD: Personal Protection: | 2 2 1 See MSDS Section 8 |
| WARNING: | COMBUSTIBLE LIQU BONDS SKIN IN SEC MAY CAUSE EYE AN | JID AND VAPOR. | |
| Relevant routes of exposure: | Skin, Inhalation, Eyes | 5 | |
| Potential Health Effects | | | |
| Inhalation: | | bove the established exposure limit rest in breathing and tightness in the chest. | |
| Skin contact: Eve contact: | Bonds skin in second allergic reaction but o Cyanoacrylates gene skin. Cured adhesive | Is. May cause skin irritation. Cyanoaci due to rapid polymerization at the skin s rate heat on solidification. In rare circui does not present a health hazard ever uses excessive tearing. Eyelids may bo | rylates have been reported to cause surface, an allergic response is rare. mstances a large drop will burn the n if bonded to the skin. |
| Ingestion: | | armful by ingestion. Rapidly polymerize | |
| Existing conditions aggravated exposure: | by Eye, skin, and respira | atory disorders. | |
| | This material is consi 1910.1200). | dered hazardous by the OSHA Hazard | Communication Standard (29 CFR |

See Section 11 for additional toxicological information.

3. COMPOSITION / INFORMATION ON INGREDIENTS

| Hazardous components | CAS NUMBER | % |
|-----------------------|-------------|----------|
| Ethyl 2-cyanoacrylate | 7085-85-0 | 60 - 100 |
| Thickener | Proprietary | 5 - 10 |

| | 4. FIRST AID MEASURES |
|---------------------|---|
| Inhalation: | Move to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Get medical attention. |
| Skin contact: | Do not pull bonded skin apart. Soak in warm soapy water. Gently peel ap using a blunt instrument. If skin is burned due to the rapid generation of h by a large drop, seek medical attention. If lips are bonded, apply warm wa to the lips and encourage wetting and pressure from saliva in mouth. Pee roll lips apart. Do not pull lips apart with direct opposing force. |
| Eye contact: | Immediately flush with plenty of water for at least 15 minutes. Get medica attention. If eyelids are bonded closed, release eyelashes with warm wate covering with a wet pad. Do not force eye open. Cyanoacrylate will bond t eye protein and will cause a lachrymatory effect which will help to debond adhesive. Keep eye covered until debonding is complete, usually within 1 days. Medical attention should be sought in case solid particles of polyme cyanoacrylate trapped behind the eyelid caused abrasive damage. |
| Ingestion: | Ensure breathing passages are not obstructed. The product will polymeriz rapidly and bond to the mouth making it almost impossible to swallow. Sa will separate any solidified product in several hours. Prevent the patient fr swallowing any separated mass. |
| Notes to physician: | Surgery is not necessary to separate accidentally bonded tissues. Experie has shown that bonded tissues are best treated by passive, non-surgical aid. If rapid curing has caused thermal burns they should be treated symptomatically after adhesive is removed. |
| | 5. FIRE FIGHTING MEASURES |

| 80 - 93.4 °C (176°F - 200.12 °F) Tagliabue closed cup | |
|---|--|
| 485 °C (905°F) | |
| Not determined | |
| Not determined | |
| Water spray (fog), foam, dry chemical or carbon dioxide. | |
| Fire fighters should wear positive pressure self-contained breathing apparatus (SCBA). | |
| Not available. | |
| Trace amounts of toxic and/or irritating fumes may be released and the use of breathing apparatus is recommended. | |
| | |

6. ACCIDENTAL RELEASE MEASURES

Use personal protection recommended in Section 8, isolate the hazard area and deny entry to unnecessary and unprotected personnel.

| Environmental precautions: | Ventilate area. Do not allow product to enter sewer or waterways. |
|----------------------------|---|
| Clean-up methods: | Do not use cloths for mopping up. Flood with water to complete polymerization and scrape off the floor. Cured material can be disposed of as non-hazardous waste. |

7. HANDLING AND STORAGE

Handling:

Prevent contact with eyes, skin and clothing. Do not breathe vapor and mist. Wash thoroughly after handling. Avoid contact with fabric or paper goods. Contact with these materials may cause rapid polymerization which can generate smoke and strong irritating vapors, and cause thermal burns.

Storage:

For safe storage, store between 0 °C (32°F) and 10 °C (50°F) Keep in a cool, well ventilated area away from heat, sparks and open flame. Keep container tightly closed until ready for use.

Shelf Life Statement: Not available.

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

Employers should complete an assessment of all workplaces to determine the need for, and selection of, proper exposure controls and protective equipment for each task performed.

| Hazardous components | ACGIH TLV | OSHA PEL | AIHA WEEL | OTHER |
|-------------------------|--|----------|-----------------------------|-----------------|
| Ethyl 2-cyanoacrylate | 0.2 ppm TWA | None | None | None |
| Thickener | None | None | None | None |
| Engineering controls: | | | ntilation if general ventil | |
| Respiratory protection: | Use NIOSH approved respirator if there is potential to exceed exposure limit(s). | | | |
| Eye/face protection: | Safety goggles or safety glasses with side shields. | | | |
| Skin protection: | Use nitrile glove PVC, nylon or | | cessary to prevent cont | act. Do not use |

9. PHYSICAL AND CHEMICAL PROPERTIES

Physical state: Color: Odor: Odor threshold: pH: Vapor pressure: Boiling point/range: Melting point/ range: Specific gravity: Vapor density: Flash point: Flammable/Explosive limits - lower: Flammable/Explosive limits - upper: Autoignition temperature: Evaporation rate: Solubility in water: Partition coefficient (n-octanol/water): **VOC content:**

Liquid Colorless, Transparent Sharp, Irritating 1 - 2 ppm Not applicable < 0.2 mm hg > 149 °C (> 300.2 °F) Not determined 1.05 3 Approximately 80 - 93.4 °C (176°F - 200.12 °F) Tagliabue closed cup Not determined Not determined 485 °C (905°F) Not applicable Polymerises in presence of water. Not applicable < 2 %; < 20 g/l (California SCAQMD Method 316B) (Estimated)

| Stability: | Stable under re | commended storage conditions | S. | |
|---|--|--|-------------------------|--|
| Hazardous reactions: | | Rapid exothermic polymerization will occur in the presence of water, amines, alkalis and alcohols. | | |
| Hazardous decomposition products: | Not available. | Not available. | | |
| Incompatible materials: | Water, amines, | Water, amines, alkalis and alcohols. | | |
| Conditions to avoid: | Spontaneous p | Spontaneous polymerization. | | |

15. REGULATORY INFORMATION

United States Regulatory Information

| TSCA 8 (b) Inventory Status: | All components are listed or are exempt from listing on the Toxic Substances Control Act Inventory. | |
|--|---|--|
| TSCA 12(b) Export Notification: | None above reporting de minimus | |
| CERCLA/SARA Section 302 EHS: CERCLA/SARA Section 311/312: CERCLA/SARA 313: | None above reporting de minimis Immediate Health, Delayed Health, Fire, Reactive None above reporting de minimis | |
| California Proposition 65: | No California Proposition 65 listed chemicals are known to be present. | |
| Canada Regulatory Information | | |
| CEPA DSL/NDSL Status: | Contains one or more components listed on the Non-Domestic Substances List. All other components are listed on or are exempt from listing on the Domestic Substances List. Components listed on the NDSL must be tracked by all Canadian Importers of Record as required by Environment Canada. They may be imported into Canada in limited quantities. Please contact Regulatory Affairs for additional details. | |
| WHMIS hazard class: | B.3, D.2.B | |
| 16. OTHER INFORMATION | | |

This material safety data sheet contains changes from the previous version in sections: Updated Contact Information in Section 1.
