Version : 2

Material Safety Data Sheet

QUIK STIK White; Blue; Black; Purple; Yellow; Red; Green; Orange

1. Product and company identification

Product name : QUIK STIK White; Blue; Black; Purple; Yellow; Red; Green; Orange

Material uses : FOR INDUSTRIAL USE ONLY

Marking and Identification.

Supplier/Manufacturer : LA-CO Industries, Inc.

1201 Pratt Boulevard Elk Grove Village, IL. 60007-5746

MSDS authored by : KMK Regulatory Services Inc.

In case of emergency : CHEMTREC, U.S.: 1-800-424-9300 International: +1-703-527-3887

2. Hazards identification

This MSDS reflects the health, physical and environmental hazards of the paint released by this product. Because of the nature of the finished product i.e. the fact that the paint is in solid form, and given that the paint is released in very small amounts during normal use, the user of the product and/or the reader of this MSDS should consider the potential exposure to the paint to be minimal and controlled during the normal use of the product. Refer to relevant sections of the MSDS (7 and 13) for additional information on handling and disposal considerations. To avoid any potential hazard and to minimize the risk of exposure, it is important that the user of the product does NOT heat, burn or expose it to a source of intense heat unless the product is specifically intended for use on hot surfaces.

Emergency overview

Physical state : Solid in cylindrical form.

Color : Yellow./Red./Green./Orange./White./Blue./Black./Purple.

Odor : Solvent.

Hazard statements : NOT EXPECTED TO PRODUCE SIGNIFICANT ADVERSE HEALTH EFFECTS WHEN

THE RECOMMENDED INSTRUCTIONS FOR USE ARE FOLLOWED.

OSHA/HCS status : While this material is not considered hazardous by the OSHA Hazard Communication

Standard (29 CFR 1910.1200), this SDS contains valuable information critical to the safe handling and proper use of the product. This SDS should be retained and available

for employees and other users of this product.

Routes of entry : Dermal contact. Eye contact. Inhalation. Ingestion.

Potential acute health effects

Inhalation : No known significant effects or critical hazards.
 Ingestion : No known significant effects or critical hazards.
 Skin : No known significant effects or critical hazards.
 Eyes : No known significant effects or critical hazards.

Potential chronic health effects

Chronic effects
 Carcinogenicity
 Mutagenicity
 No known significant effects or critical hazards.
 Mutagenicity
 No known significant effects or critical hazards.
 Teratogenicity
 No known significant effects or critical hazards.

QUIK STIK White; Blue; Black; Purple; Yellow; Red; Green; Orange

2. Hazards identification

Developmental effects
 No known significant effects or critical hazards.
 Fertility effects
 No known significant effects or critical hazards.
 Target organs
 No known significant effects or critical hazards.

Over-exposure signs/symptoms

Inhalation
 Ingestion
 No known significant effects or critical hazards.
 Skin
 No known significant effects or critical hazards.
 Eyes
 No known significant effects or critical hazards.

Medical conditions : None known.

aggravated by overexposure

See toxicological information (Section 11)

3. Composition/information on ingredients

United States

Name	CAS number	%

^(*) These ingredients are not expected to be present as unbound, respirable particles during normal use of this product.

3. Composition/information on ingredients

There are no additional ingredients present which, within the current knowledge of the supplier and in the concentrations applicable, are classified as hazardous to health or the environment and hence require reporting in this section.

Because this SDS is written for multiple similar products, it shall be understood that all ingredients listed above may not be found in all products.

4. First aid measures

Eye contact : Immediately flush eyes with plenty of water for at least 20 minutes, occasionally lifting the upper and lower eyelids. Get medical attention if symptoms occur.

: In case of contact, immediately flush skin with plenty of water for at least 20 minutes.

Get medical attention if symptoms occur.

: Move exposed person to fresh air. Get medical attention if symptoms occur.

: Wash out mouth with water. Do not induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person. Get medical

attention if symptoms occur.

Protection of first-aiders : No special protection is required.

Notes to physician : No specific treatment. Treat symptomatically.

5. Fire-fighting measures

Flammability of the product : No specific fire or explosion hazard.

Extinguishing media

Skin contact

Inhalation

Ingestion

Suitable: Use an extinguishing agent suitable for the surrounding fire.

Not suitable : None known.

Special exposure hazards: No specific fire or explosion hazard.

Hazardous thermal : Decomposition products may include the following materials: carbon dioxide carbon monoxide nitrogen oxides

nitrogen oxides sulfur oxides

metal oxide/oxides

Special protective : Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode.

6. Accidental release measures

Personal precautions : Put on appropriate personal protective equipment (see Section 8).

: Inform the relevant authorities if the product has caused environmental pollution (sewers, waterways, soil or air).

Methods for cleaning up

Environmental precautions

Spill : Move containers from spill area. Vacuum or sweep up material and place in a designated, labeled waste container. Dispose of via a licensed waste disposal

contractor.

QUIK STIK White; Blue; Black; Purple; Yellow; Red; Green; Orange

7. Handling and storage

Handling

: Put on appropriate personal protective equipment (see Section 8). Workers should wash hands and face before eating, drinking and smoking. Avoid breathing vapor or mist. Use only with adequate ventilation. Store and use away from heat, sparks, open flame or any other ignition source.

Storage

: Store in accordance with local regulations.

8. Exposure controls/personal protection

United States

Exposure limits
OSHA PEL (United States, 6/2010). TWA: 15 mg/m³ 8 hour(s). Form: Total dust ACGIH TLV (United States, 2/2010). TWA: 10 mg/m³ 8 hour(s).
ACGIH TLV (United States, 2/2010). Absorbed through skin. STEL: 909 mg/m³ 15 minute(s). STEL: 150 ppm 15 minute(s). TWA: 606 mg/m³ 8 hour(s). TWA: 100 ppm 8 hour(s). NIOSH REL (United States, 6/2009). Absorbed through skin. STEL: 900 mg/m³ 15 minute(s). STEL: 150 ppm 15 minute(s). TWA: 600 mg/m³ 10 hour(s). TWA: 100 ppm 10 hour(s). OSHA PEL (United States, 6/2010). Absorbed through skin. TWA: 600 mg/m³ 8 hour(s). TWA: 100 ppm 8 hour(s). OSHA PEL 1989 (United States, 3/1989). Absorbed through skin. TWA: 100 ppm 8 hour(s). STEL: 150 ppm 15 minute(s). STEL: 150 ppm 15 minute(s). STEL: 900 mg/m³ 15 minute(s).
ACGIH TLV (United States, 2/2010). TWA: 3 mg/m³ 8 hour(s). Form: Inhalable fraction. NIOSH REL (United States, 6/2009). TWA: 3.5 mg/m³ 10 hour(s). TWA: 0.1 mg of PAHs/cm³ 10 hour(s). OSHA PEL (United States, 6/2010). TWA: 3.5 mg/m³ 8 hour(s).
Manufacturer (United States). TWA: 100 ppm 8 hour(s). Form: All forms. ACGIH TLV (United States, 2/2010). TWA: 5 mg/m³ 8 hour(s).

Consult local authorities for acceptable exposure limits.

Recommended monitoring procedures

: If this product contains ingredients with exposure limits, personal, workplace atmosphere or biological monitoring may be required to determine the effectiveness of the ventilation or other control measures and/or the necessity to use respiratory protective equipment.

Engineering measures
Hygiene measures

- : Use only with adequate ventilation.
- : Wash hands, forearms and face thoroughly after handling chemical products, before eating, smoking and using the lavatory and at the end of the working period. Ensure that eyewash stations and safety showers are close to the workstation location.

Personal protection

8. Exposure controls/personal protection

Respiratory: Not required for normal use of the pen/marker. Respirator selection must be based on known or anticipated exposure levels, the hazards of the product and the safe working

limits of the selected respirator.

Hands : Not required for normal use of the pen/marker. Chemical-resistant, impervious gloves

complying with an approved standard should be worn at all times when handling

chemical products if a risk assessment indicates this is necessary.

Eyes : Not required for normal use of the pen/marker. Safety eyewear complying with an

approved standard should be used when a risk assessment indicates this is necessary

to avoid exposure to liquid splashes, mists or dusts.

Skin : Not required for normal use of the pen/marker. Personal protective equipment for the

body should be selected based on the task being performed and the risks involved and

should be approved by a specialist before handling this product.

Environmental exposure

controls

: Emissions from ventilation or work process equipment should be checked to ensure

they comply with the requirements of environmental protection legislation.

9. Physical and chemical properties

Physical state : Solid in cylindrical form.

Flash point : Closed cup: 62°C (143.6°F)

Burning time : Not available.

Burning rate : Not available.

Auto-ignition temperature : Not available.

Flammable limits : Not available.

Color : Yellow./Red./Green./Orange./White./Blue./Black./Purple.

Odor : Solvent.

Taste : Not available.

Molecular weight : Not applicable.

Molecular formula : Not applicable.

pH : Not applicable.

Boiling/condensation point : Not available.

Melting/freezing point : Not available.

Critical temperature : Not available.

Relative density : Not available.

Vapor pressure : Not available.

Vapor density : Not available.

Volatility : Not available.

Odor threshold : Not available.

Evaporation rate : Not available.

SADT : Not available.

Viscosity : Not available.

Ionicity (in water) : Not available.

Dispersibility properties : Not available.

Solubility : Partially soluble in the following materials: n-octanol.

Very slightly soluble in the following materials: cold water and hot water.

QUIK STIK White; Blue; Black; Purple; Yellow; Red; Green; Orange

9. Physical and chemical properties

Partition coefficient

: Not available.

(LogKow)

Physical/chemical : Not available.

properties comments

10. Stability and reactivity

Chemical stability

: The product is stable.

Conditions to avoid

: Avoid all possible sources of ignition (spark or flame).

Incompatible materials

: Reactive or incompatible with the following materials: oxidizing materials and acids.

Hazardous decomposition products

: Under normal conditions of storage and use, hazardous decomposition products should

not be produced.

Possibility of hazardous

: Under normal conditions of storage and use, hazardous reactions will not occur.

Ecotoxicity

: No known significant effects or critical hazards.

Aquatic ecotoxicity

Product/ingredient name	Result	Species	Exposure
Titanium Dioxide	Acute EC50 5.83 mg/L Fresh water	Algae - Pseudokirchneriella subcapitata - Exponential growth phase	72 hours
	Acute LC50 5.5 ppm Fresh water	Daphnia - Daphnia magna - Juvenile (Fledgling, Hatchling, Weanling) - <24 hours	48 hours
	Acute LC50 >1000000 ug/L Marine water	Fish - Fundulus heteroclitus	96 hours
Triethanolamine	Acute LC50 >100000 ug/L Marine water	Crustaceans - Crangon crangon - Adult	48 hours
	Acute LC50 11800000 ug/L Fresh water	Fish - Pimephales promelas - 30 days - 18.1 mm - 0.083 g	96 hours
	Chronic NOEC 16000 ug/L Fresh water	Daphnia - Daphnia magna - <=24 hours	21 days

Persistence/degradability

There is no data available.

13. Disposal considerations

Waste disposal

: The generation of waste should be avoided or minimized wherever possible. Dispose of surplus and non-recyclable products via a licensed waste disposal contractor.

Disposal should be in accordance with applicable regional, national and local laws and regulations.

Refer to Section 7: HANDLING AND STORAGE and Section 8: EXPOSURE CONTROLS/PERSONAL PROTECTION for additional handling information and protection of employees.
